LEAVES
personal care

Whether in vitality
or frailty, life remains
a precious gift

Leaves Personal Care recognizes and values the unique personality of every person. We will consult with you to design a care plan for your specific needs.

Our caregivers serve you in your private home, whether that's your house, independent retirement home, assisted living facility or long term care facility. Service time can range from 1 hour to 24/7 care.

Free Consultation

- We develop a personal care plan and assign a care companion who meets your specific needs.
- We have a consistent team of care companions who are dedicated and trustworthy.
- Each care companion is bonded, insured and reference checked. Each one must pass a thorough background check with the Michigan State Police.
- Leaves training is ongoing. All of our staff are continuously growing in professional expertise and skill.
- If your care needs extend beyond our scope of practice, we offer qualified referrals and partnerships to meet your needs. We ensure that each of your needs are met with qualified, professional care.

PERSONAL *care*

When your loved ones or care facility cannot provide the personal care you need, our care companions can help with bathing, toileting, grooming and more.

COMPANIONSHIP *care*

Your care companion will keep you company and become a friend to lift your spirit and share everyday moments. Enjoy a cup of coffee, play a game, go out on errands or share some of your most precious memories.

DEMENTIA *care*

We are there to be with you through the difficult journey of dementia, Parkinson's or Alzheimer's. You and your loved ones can walk through its challenges strengthened with a care companion's compassionate support.

HOUSEKEEPING *care*

A well-kept and clean home is important to you – even when it becomes difficult for you to perform those tasks. Your care companion will meet any of your housekeeping needs including cleaning, vacuuming, laundry or meal preparation.

END OF LIFE *care*

At the end of life we value the laughter and tears of our shared moments with our loved ones and speaking those final words of reminiscence, love and even forgiveness. Our care companions free you and your loved ones to treasure those moments by providing the necessary care. We even work with the Hospice Agency of your choice to provide the tasks and services that they do not provide, helping you stay safe and comfortable.
